Frederic Freeman, Richard, the Rev., youthful pastor of Cameron First Methodist Church, will likely present a quiet sermon Sunday. At present he has acute laryngitis, tribute to a recent ski trip to Red River Valley, N. M.

105-105-105

Dick Freeman's skiing talent is rare among Texans, except perhaps among Panhandle Texans closer to snow. But that Yankee, pardon the expression, have more of than Lone Star residents.

This onetime Yankee, a, age 6, once tried a turn down a terraced hill on some skis. They might as well have been barrel staves. The trip ended up in the vines of a grape arbor, feet clear of the ground, but still in the skis.

105-105-105

We are fortunate in Central Texas in that most of our precipitation is rain. Many parts of the U.S. now are sloshing around in snow, slush and other unpleasantness that accompanies Northern winter.

Latest tabulation shows the Milam area has received some 10.39 inches of rain since January 1. If that all were snow, there would be considerable more to worry with than overflow.

105-105-105

THAT TOPS IT—An American who claims an "immaculate pedigree" as direct descendant of an Englishman who opened the East India Company wants his money—\$1.12 billion.

A man named John Perring spent seven years tracing his lineage back to the founder of the East India Company, which opened for business in 1705. A genealogist swears Perring's claim can be proved.

Even if it can't, Perring can trace a claim back to the mid-19th Century worth about 20 thousand pounds or \$36,000 then. With compound interest, it is worth about a million now.

But with genealogist at hand, he wants the real interest from the beginning, which would complicate the Bank of England's imbalance of exchange a not other \$1.12 billion. John Paul Getty also an American, would have company.

Large Number Of

'Hot Checks' Bring

Sheriff's Warning

A large number of hot check artists have been hitting the Milam County area bringing a warning from Sheriff Carl Black for merchants to exercise more caution in cashing checks given them by strangers.

Officials are now searching for a man who goes by the name of Arthur Lee Stone in connection with four hot checks given Cameron merchants. Sheriff Black said the man is also wanted in many other parts of the state.

The man, described as 51 years of age, 5'8", weight 209 lbs., grey hair and blue eyes, was released from Huntsville Sept. 1, 1964, on a four year parole.

Checks made out to him and signed by fictitious names were given J. C. Penneys, Wilson Jewelry, Ingram Service Station and Cliff Jennings. He purchased a used Ford using a worthless check as a down payment.

Merchants are being urged to use the drivers license as identification and to get the license number of the car the person is driving when possible, Black said.

Cub Banquet

Scheduled Feb. 25

Cameron Cub Scouts Blue and Gold Banquet will be held Feb. 25 at Simon-George Hall. Scout officials have announced. The banquet will begin at 6:30 p.m.

All Cub Scouts, their parents and families are invited to attend this annual event.

PERSISTENT SHERIFF GETS MAN - MONEY

Milam County Sheriff Carl Black was finally able to close the book Friday on a 15-year fine. On June 30, 1950, after spending 60 days in jail, a young man was released and told the sheriff he would go home and get the money to pay his fine and court costs. That was the last the Sheriff saw of him until Friday. Hearing he was in town, off the sheriff went to collect the fine. After a short stay in jail, the man paid his fine of \$77.50.

Girl Scout Art Show Saturday

Cameron will host the District 4 Girl Scout Art Show February 20 at the Methodist Fellowship Hall, according to Mrs. Lester Williams, district chairman.

Art exhibits will be on display from 10 a.m. until 12 noon and will consist of two divisions, visual arts and performing arts.

Mrs. James Kahler, art show chairman, said towns which comprise District 4 are Rockdale, Georgetown, Taylor, Elgin, Round

Rock, Lexington and Cameron. Art entries are expected from many towns in the district.

Deadline for entering the show is February 18. Mrs. Williams is in charge of accepting registrations.

Visual art exhibits will be judged at 10 a.m. The top 20 winners selected will be sent to the Council Art Festival in Austin March 20.

District drama groups will perform from 11 a.m. In this division three entries will be selected to compete against other districts at the Austin show.

The art show exhibits and drama group will be judged on seven points which include originality, good form and balance of color. Cadets, Junior Girl Scouts and Brownies will compete in their own age level.

Winning entries in Council Art Festival will be used for exhibits to tell the Girl Scout story.

Boosters Meet Tonight

The Yoe Band Booster Club will hold its regular monthly meeting Thursday, Feb. 18. The meeting will begin at 7:30 p.m. at the Yoe Band Hall.

All members of the organization are urged to attend.

12 Eyes Donated

Minute Men Set Up For Eye Bank

A "Minute Men" force of 15 volunteers has been set up to help in the Cameron Eye Bank program, giving the final touches to the program that is set up and ready to go, according to Chairman A. W. McCullin Sr. The Eye Bank is affiliated with the Dallas Eye Bank and the Southwestern Medical School in Dallas.

The volunteers have signed up as Minute Men and will take the eyes to Dallas at any time in the event the highway patrol is not available, McCullin said. The eyes must be received in Dallas within eight hours.

Eye containers and a list of the minute men have been set up at both Cameron hospitals and at the funeral homes. Local doctors have agreed to donate their services for the removal of eyes.

Twelve persons have willed their eyes to the local eye bank. These 12 eyes will give sight to 24 people as only one eye is given to each individual. At the Dallas Eye Bank headquarters a waiting list of people to receive the eyes are constantly on file and they be-

lieve with one eye a person can make a living.

"We have had a wonderful response in all ways," McCullin said. Others are helping through the Cameron Lions Club Eye Bank Memorial Fund. The fund has been set up to help with the expense of the program. Any person wishing to give to the bank in Memorial may do so.

Minute Men are Dr. George Bowman, Charles Brady B. F. Crockett, Coleman Duncum, John Henderson Jr., Rev. Jim Lafferty, Albert McCullin Jr., E. A. Perrin, Forrest Sapp, John Schigut, Richard Williams, Richard Wyatt, Charles Zeigler and Mr. McCullin.

The official opening of the Cameron Eye Bank had climaxed two years of work and arrangements on the part of the local Lions Club. It is the first of its kind in the Milam area although the programs are growing throughout the states.

Any person wishing further information is asked to contact the local eye bank chairman.

Nomination Deadline For McCullin Civic Award Extended Recreational Development Study Set For Countians

McCullin Civic Award nominations are being sought by the Cameron Chamber of Commerce and deadline for submitting nominations have been extended to February 19, according to C of C officials.

Every club, organization and individual is invited to submit a nomination for this coveted award which is presented annually to some outstanding citizen of this community.

Nomination blanks may be secured by individuals at the Chamber of Commerce office or one will be mailed to interested persons upon request. Blanks have also been sent to various organizations.

Officials extended the deadline in an effort to give all organizations an opportunity to submit nominations.

Each year a secret committee meets and selects, from nominations received, that year's recipient. The trophy is presented to the outstanding citizen at the annual Chamber of Commerce banquet. The year's banquet will be held March 9 at the Methodist Fellowship Hall.

The award was donated in 1951 by Mr. and Mrs. A. W. McCullin to the Chamber of Commerce and Business and Professional Women's Club.

Through the years the following people of this community have been honored with the award: E. A. Perrin, Rev. John Solomon, Mrs. Mark C. Magers, Jimmy H. Asher, Lester Williams, Ben H. Magness, Mrs. Dana Monroe, Richard Moseley, Francis Cox, Dr. S. H. Richardson, Judge Don G. Humble, Nannie L. Caperton and Forrest Sapp.

Max McClaren Named Vice President Of Dist. X TEP&SA

Max McClaren, principal Ben Milam School, has been named 2nd vice president of the District X Texas Elementary Principals and Supervisors Association. This district is composed of 19 central Texas counties.

McClaren will serve during the 1965-66 year, and will take office this spring. This organization has planned a noon luncheon on Friday, March 5, at the Blanton Elementary School, in Austin.

"He was selected for this position for his high level of interest in his profession and educational field. He did both his undergraduate and graduate work at Baylor University where he received majors in English, History and administrative education," Doris Green, nomination chairman said.

Principal at Ben Milam School for the past five years, he has served as classroom teacher in the English and History departments in Yoe High School.

Schigut's Begins

Remodeling Project

At New Location

John Schigut, Cameron dry goods merchant, announced this week that work is beginning on complete remodeling of the former Exchange Furniture building, future home of the Schigut's Dept. Store.

He told The Herald that the new building will have glass front, new fixtures, lighting, flooring and ceiling on the 3700-square main floor. Offices and storage facilities will be housed in a mezzanine area over the main floor.

Schigut said the project will continue over the next few months. The new location will more than double our selling space, he noted.

The new location is next door to New Cameron Drug. The store is presently located at 118 North Houston, two blocks north of the new location.

No opening date has been set.

Boyd Andrews, recreation specialist for Texas Agriculture Extension Service, 7:30 p.m. Tuesday will address representatives of 75 various Milam organizations on outdoor recreation development in Milam County.

The meeting is sponsored by the County Program Building Committee and Technical Action panel. Henry N. Ivey, manager of the Milam-Burleson office of Farmers Home Administration, Cameron, will discuss financing methods for outdoor recreation facilities such as a large lake.

Ivey said there is a possibility of developing a county organization for establishment of a large county lake for water skiing, boating and fishing.

Under FHA regulations, any land used in the construction of a lake must be converted from agricultural use, Ivey said.

Letters have been sent to leaders of some 75 Milam organizations and individuals because of their "interest in the betterment of Milam County and our youth," Ivey said.

Milam Countians could find precedent in a lake project approved by FHA in October, 1964, for a \$1.5 million outdoor recreation complex in Northcentral Missouri, Ivey noted.

An \$250,000 loan, largest of its kind, went to a rural group organized as the Putnam County Mo. Lake Association under FHA approval. The U.S. Agriculture Department's 1962 Food and Agriculture Act first authorized such loans, to convert farm land into recreational use.

Impact on the Northcentral Missouri county's economy was immediate; project construction will provide 19,000 man days of employment, some 1,500 acres of soy-

beans land is being converted, approximately 100 new fulltime jobs will start to operate and maintain, annual income is projected to bring about \$1 million into the county economy, FHA officials report.

The association is composed of residents from the small town of Unionville, Mo., and surrounding rural area. Members will pay annual dues and fees to support the facility, and income will be received from fees charged non-members who use the recreation area, projected to total 4,000 acres.

LITTLE RIVER FLOODS SECOND TIME IN 1965

Milam County recorded the heaviest amount of rainfall in the state Tuesday when 2.58 inches fell in the Little River area sending the river out of its banks for the second time this year.

Cameron received 2.26 inches of rain bringing the total rainfall for the month of February to 4.41 inches, only .71 inches lower than the last record rain of 4.70 inches in February 1955, according to Water Supt. Alvin Heft.

Total rainfall for the first two months of this year has hit 10.39 inches, one-third of the annual rainfall. Heft reported the January rainfall of 5.98 inches tops records as far back as January 1946 when 4.65 inches of rain was recorded.

The Little River, which surged out of its banks in January, had topped the flood stage and measured 32.76 Wednesday morning. Heft reported the river was expected to crest at 34 feet by late Wednesday. River capacity is 30 feet.

Flooding conditions during the past two months have been worse since 1957 when the area received 52.33 inches of rainfall. However, January 1957 received only .92 inches of rain and February 2.26 inches. Heaviest rains were recorded in March with 5.88 inches; April, 9.64 inches; May, 2.30; June, 5.35; Sept. 7.42; and October, 11.52.

Milam County Agent J. D. Moore said no damage was anticipated and none had been reported to him at press time. He said the slow Tuesday rains would be good soil conditioning for spring planting. Moore noted there may have been some soil washing in low areas of the county.

Water from Little River had reached the Cameron city limits by Wednesday, but flooding conditions were not as general or widespread as in January. A number of other smaller creeks in the county were also reported out of banks.

Rainfall in the southern part of the county was reported lighter with Rockdale recording 1.90 inches of rainfall.

Three City Accidents Result In Vehicle Damage, No Injuries

Three accidents were reported in the City during the past week resulting in extensive vehicle damage but no injuries, according to Chief of Police Elvin Hoskins.

Friday approximately \$1,500 damage was done to a 1965 Chevrolet driven by Marcus Swain Howard when it struck the right rear fender of a car driven by Henry J. Schattle. Howard was traveling west on Batte Street and Schattle was traveling north on Nolan street. The vehicles collided at the intersection at 4:15 p.m. Friday. About \$400 in damages was estimated on the 1963 Packard owned by Schattle.

Saturday at 8 p.m. two vehicles collided head-on at the corner of 4th and Travis streets, but caused no excessive damage. The 1962 Chevrolet driven by Connie D. Harrison Jr. of Temple collided with a 1959 Mercury driven by Robert Lee Jones of Cameron. Harrison was going west on 4th and attempted a left turn off 4th street onto Travis when the vehicles met head-on. Chief Hoskins said about \$75 damage was done the Harrison vehicle and \$40 on the Jones car.

A third accident Sunday resulted in about \$450 in damages when Lee Ellison Thompson lost control of his vehicle on N. Travis and hit a light pole near the Methodist Church. The accident occurred at 10:20 p.m.

W. W. Balhorn, 66, Succumbs, Services Held Here Monday

Funeral services for W. W. "Bill" Balhorn, 66, who died Thursday in a Temple hospital were held Monday at St. Monica's Catholic Church in Cameron. Rev. John Geiser and Rev. Paul McCullum officiated at the 10 a.m. services. Burial was in St. Monica's Cemetery.

Rosary was recited Sunday at Marek-Burns Funeral Chapel.

Mr. Balhorn, retired employee of Southern Pacific Railroad, was born in Moulton. He had lived in Cameron 46 years.

Survivors include his wife; three sons, Billy Balhorn of Nebraska, Harold Balhorn of Cameron and Bobby Balhorn of South Dakota; one sister, Mrs. Berta Turberville of Oklahoma City Okla.; and 7 grandchildren.

Ivey is chairman of the technical committee. Members are: Alva Sanders, ASCS; Wayne Mann, SCS; J. D. Moore and Charles Henson, Extension Service.

The County Program Building Committee recently published a 44-page survey on Milam family life, youth, organizations, health and public welfare, natural resources, agriculture, commerce and industry and other topics of study.

Trustees of the Cameron Independent School District approved the low bid for 110 new band uniforms and ordered the trustee election for April 3, at their regular monthly meeting Thursday.

County Agent Notes

Committe Sets Broiler Program

By J. D. Moore
Milam County Agent

The Poultry Committee met with Leo Fuchs, chairman, on Feb. 11, at the Chamber of Commerce conference room and made plans for the 1965 County Broiler Program. Growers will meet their sponsors at the courthouse on Mar. 12 at 4 p.m. to get their chicks. The feeding period will be 8 weeks.

COMMITTEE NAMED

J. Earl Laney, president, Texas Association of Soil Conservation Districts, has named the committee which will select the state's outstanding conservation district in 1964. They are Doyle Hutcheson, Hood-Parker Soil Conservation District, Weatherford, chairman; A. L. Alding, Temple, executive director of the state association; A. T. Vandiver, Dalworth District, Burleson; and J. O. Sterling, Van Alstyne, Collin County Soil Conservation District. All 50 states plus Puerto Rico are now included in the Soil Conservation Awards Program. It is sponsored by Goodyear Tire and Rubber Company.

PROTEIN-FREE DIET

A 930 lb. Angus cow that hasn't had a mouthful of natural feed since she was weaned gave birth to a normal calf at USDA's Beltsville research farm. She was fed a chemically pure diet containing urea as only source of dietary nitrogen. Scientists are studying blood plasma and milk samples to learn how micro-organisms in rumen convert and other purified food into vital amino acids. Other items in the cow's diet were cornstarch, corn sugar, wood pulp, corn oil, minerals and vitamins.

INTERNATIONAL CONTEST

The 14th annual International Land, Pasture and Range School and contest will be held at the Oklahoma City fairgrounds, April 28-29. Members of 4-H Clubs, FFA students and adults from 25 states are expected for the event. Details on the contest are available from Edd Roberts, Extension Soil Conservationist, Oklahoma State University, Stillwater, Okla.

The show will be held in Cameron on May 8.

Each applicant must furnish an agreement signed by the grower and his or her parents signifying their willingness to participate in the program as described by the agreement. These grower agreements will be made available by the county agent's office and the Vo-Ag teachers.

Monroe Fuchs will serve as superintendent of the show and Bill Arthur will be chairman of the awards banquet. Others attending the meeting were: Charles Brady, Allen Dodson, J.D. Moore and Barbara Smitherman.

The Milam County broiler program was started in 1954. The chicks were distributed on May 4, and the show was held on July 17. This feeding period was more than 10 weeks.

Hal Senkil of Buckholts showed the grand champion pen at the first show. He raised all 52 of his broilers and they averaged 3.4 lbs. each. Poultry breeding and feeding has made notable progress in the past 10 years. For example, we had growers with broilers weighing 4 lbs. at 7 weeks of age in the 1964 program.

American Efficiency Envy - Great emphasis is being placed on modern scientific programs and great strides are being made in these fields. In spite of these facts, nearly half of the world population goes to bed hungry each night. The rest of the world would like to have the American agricultural efficiency including our surpluses. The sponsors of our County Broiler Program are to be commended for their part in helping to make this "a land of plenty."

A Woman's Prophecy

(Ed. Note: The following poem was sent in by Mrs. Phoebe A. Macek of Marlow. Mother Shipton, author of the prophetic poem, it is said, was English and died in Clifton, Yorkshire, 1449 A.D., forty-three years before Columbus discovered America. How many of her prophecies have come true can be checked by the casual reader. How many are yet to become true remains for the future to disclose.)

San Gabriel -

By Mrs. H. H. Linke

Mr. and Mrs. Gus Clark and John of Houston spent the past week with his mother, Mrs. Bill Clark. Also spending the weekend with her was her other son and family, Mr. and Mrs. Billie Clark and sons of Houston.

Mrs. Andrew Garner is in Dallas visiting Mr. and Mrs. Jack Stiles and children. Jack and Lillian both caught the mumps from their children, so Mrs. Garner is pinching as a nurse and baby sitter. Mrs. Joe Yeager is at her home now recovering from lung surgery which was performed at Breckenridge Hospital in Austin.

Mrs. Laura Horton spent the past week with her mother, Mrs. Howard Fulcher, while Mr. Fulcher is a heart patient in a Taylor hospital.

Mr. and Mrs. Darrell Conn have received word that their son, Conrad Conn, has been dismissed from a hospital in Wichita Falls. He and his wife and son have been transferred to Randolph Air Force Base in San Antonio.

Jimmy Guthrie, a student at Blinn College, spent the weekend with his parents and sister, Mr. and Mrs. Buster Guthrie and Jan. Sunday guests in their home were Mr. and Mrs. Buddy Stigall, Miss Era Guthrie and Mr. and Mrs. Grady Williams and Ginger.

Mr. and Mrs. Guinn Gifford and Louis and Mr. and Mrs. Curtis Zieschang and Royce spent Sunday in Gause with Mr. and Mrs. David Wilkins and family. They also attended church at the Gause Baptist Church.

The Milam County Farmer's Union met at the Baptist Church here Tuesday night for an information meeting.

New church pews, pulpit and Lord's Supper table were installed in the sanctuary of the San Gabriel Baptist Church Monday. The pews were installed by the L. L. Sams Co. of Waco from whom they were purchased.

And now a word in uncouth rhyme, Of what shall be in future time: For in those wondrous, far-off days The women shall adopt a craze To dress like men and trousers wear, And cut off their lovely locks of hair.

They'll ride astride with brazen brow, As witches on a broomstick now. Then love shall die and marriage cease, And nations wane as babes decrease. The wives shall fondle cats and dogs, And men live much the same as hogs. In nineteen hundred twenty-six Build houses light of straw and sticks, For then shall mighty wars be planned, And fire and sword shall sweep the land. But those who live the century through, In fear and trembling this will do.

neath the waters men shall walk, Shall ride, shall sleep, and even talk; And in the air men shall be seen In white, in black, as well as green. A great man then shall come and go, For prophecy declares it so. In water iron then shall float As easy as a wooden boat, Gold shall be found in stream or stone.

In land that is as yet unknown, Water and fire shall wonders do, And England shall admit a Jew. The Jew that once was held in scorn, Shall of a Christian then be born. A house of glass shall come to pass In England - but alas! alas! A war will follow with the work Where dwells the pagan and the Turk.

The States will lock in fierce strife, And seek to take each other's life; When North shall thus divide the South The eagle builds in lion's mouth. Then tax and blood and cruel war Shall come to every humble door.

Three times shall sunny, lovely France Be led to play a bloody dance; Before the people shall be free Three tyrant rulers shall she see:

Three rulers, in succession, be Each sprung from different dynasty. Then when the fiercest fight is done England and France shall be as one.

The British olive next shall twine In marriage with the German vine. Men walk beneath and over the streams-- Fulfilled shall be our strangest dreams.

All England's sons shall plow the land, Shall oft be seen with back in hand. The poor shall now most wisdom know, And water wind where corn did grow; Great houses stand in far-flung vale, All covered o'er with snow and

TSTA Reaffirms Support For '\$45 FOR '65'

AUSTIN — The State Executive Committee of the Texas State Teachers Association has unanimously reaffirmed its support of the '\$45 for '65' teacher proposal now pending in the Texas Legislature.

TSTA Pres. W. R. Carmichael of Huntsville said the committee, meeting in Austin, repeated two previous endorsements given the salary proposal. The TSTA House of Delegates, the representative

assembly of the association, also has twice endorsed the program. The executive committee's action came after study and discussion of Gov. John Connally's plan and the TSTA program. This move also supported the TSTA Legislative Committee's decision last month to stand by the request for an immediate \$45 per month salary increase.

The TSTA president noted that the '\$45 for '65' program had been under study for more than two years and had been approved by every professional school-related group, by the Texas Congress of Parents and Teachers, and by many local school boards, civic groups, and service clubs.

The Governor's plan has been

introduced as SB 124 by Sen. Jack Strong of Longview and as HB 446 by Rep. W. S. Heatly of Paducah. The TSTA program has been introduced as SB 4 by Sen. A. M. Aikin Jr. of Paris and as HB 5 by Rep. George Hinson of Mineola.

Carmichael pointed out that under the Governor's plan teachers would receive in the next biennium less than half what they would receive under the TSTA program. However, local school districts would pay 70 percent of the Governor's new program through inclusion of textbook costs and state teacher retirement matching as part of the Minimum Foundation Program for the first time.

IRS Suggests Joint Returns

A husband filing a separate Federal income tax return for 1964 cannot claim his wife's \$500 exemption if she had income or was the dependent of another taxpayer. A. P. Andrews, administrative officer of Internal Revenue in Temple said today.

Husband and wife may file a joint return even though one of them had no income or deductions for the year. If the wife had income, they may either file a joint return or separate returns. A joint return must include the income

of both husband and wife. If separate returns are filed, neither may claim an exemption for the other. For example, suppose a wife earned \$400 from which \$80 income tax was withheld. If she files a separate return to obtain her \$80 refund, the husband cannot list her as an exemption on his return.

If husband and wife file separate returns, both must use the same type standard deduction, either the regular 10 percent standard or the minimum standard deduction, or both must itemize their deductions. One cannot itemize and the other use regular 10 per cent standard deduction. Neither can one use the regular 10 percent standard deduction and the other use the

Kirk Sets Sights Toward Track 'Build-Up' Program

A full track squad of 55 boys started running and undergoing conditioning exercises Monday for their first track meet which is scheduled Feb. 27 at Emis.

Friday the Yeomen will get their first look at what they can do when they compete in a triangular meet at Taylor. Rockdale is also expected to run in the meet.

Coach George Kirk said he and his staff are trying to build up Cameron's track team and the only way this can be done is by starting the boys out young. In order to accomplish this he has planned four track teams and is working to set up track meets for each to participate in.

Along with the varsity track team will also be a B-team, Freshman team and seventh and eighth grade teams.

"Track is essential to all other athletics and if you can't run or move there is not a sport in the world that you can play," Coach Kirk said and added, "the boys have got to be interested and love track as well as the coaches in order to make it go." He noted that any school with a good athletic program also has a good track team.

All Yoe High boys that can make the first team will be placed on the varsity and other teams will be made up accordingly.

"The B-team will give boys the opportunity to run and compete even though they may not be good enough to compete on the varsity team," Kirk said. A schedule of three track meets have been set for the B-team and an effort is being made to get more. The schedule thus far will find the B-team competing in the Rockdale, Taylor and Cameron meets.

The Freshman team will also compete in as many meets as can

be scheduled along with the District meet.

The seventh and eighth grade track team will compete in Rogers, Taylor and the District meets.

All four Cameron coaches will be coaching the boys on the four teams. Bud Busher and Ken Fugate coach the junior high team during two periods in the morning. Three Yoe High teams will work out to each other in the afternoon under Andy Spring, Kirk, Fugate and Busher.

Coach Kirk said he is expecting a lot of help this year from Dick Ponder, senior, veteran runner. He was a runner on the mile relay and open quarter last season.

Ida Michalka Rolls High Series In Nightlighters Race

Ida Michalka rolled the high individual series last week to hold the high league average in the Nightlighters bowling race. She rolled a 487 series and has an average of 145.

Nell Pinkerton bowled a series of 481 and Gloria Neely 474. Gloria rolled the high game of 195. Nell rolled a 185 and Faye Lankford 181.

Rockdale State Bank holds a one game lead in the race with a 47½-32½ won, loss record. McLeod Insurance has a 46½-33½ record and Yoakum Housemoving 39½-40½.

Dairy Queen and Butter Krust are tied with 39½-40½ records and Duna Drilling holds a 39-41 record. Prewitt Drug is in 7th place with 37-43 and Viv-Rae's had a record of 31½-48½.

Rockdale State Bank rolled the high team series with 1953 followed by Viv-Rae's 1939 and Butter Krust 1914.

Prewitt Drug had the high single team game with 706 followed by Rockdale State Bank's 678 and Yoakum Housemoving 675.

Dairy Queen has the high team league average with 633. Rockdale State Bank holds a 620 average and Butter Krust 612.

son. He also expects much from Leo Michalka, sophomore, who was a strong runner in the mile relay and 440 yard run last year on the Freshmen team.

Forrest Green, junior, will be running his first year at Yoe High. Last year he ran at Texas City and is expected to add strength and speed to the open quarter, mile relay, and broad jump.

Dennis Jistel has been slowed by an operation but is back and is expected to be in condition for the season. He will possibly run in the 440 and mile relay, Kirk said.

Maek McKinney is also a veteran back on the track team and runs the low and high hurdles.

Freshmen that are showing strong abilities are Glenn Fogle, Wayne Kirk, James Dohnalik, Al Heift and Frank Dorner at the 100 yard dash and sprint relay.

Hearne Hosting 12th Golf Tourney

The twelfth annual Hearne Invitational Golf Tournament will be held Sunday, April 4, according to H. C. (Jack) Kelly, president of the Hearne Municipal Golf Course.

Ed Priestly, tournament chairman, said that more than \$8,000 in awards will be presented at the close of the one-day blind boxey tourney - consisting of five flights and 18 holes. Some 200 golfers have participated in this tournament each year.

Free barbecue will be served to each contestant. Barbecue will also be available to the public.

Yoe Tie For 2nd, Lose To Rattlers

Coach Andy Springer's Yeomen basketball team finished their season Friday when they fell to the Navasota Rattlers 68-45.

The loss gave them a 3-5 won, loss record in district play 16-15 for the season, and a tie with Caldwell for second place in the district. Rockdale took the district title finishing district play undefeated.

Navasota chalked up their first win of the season Friday when they hit with 86 percent accuracy to blast the Yeomen.

Creamy Caraway Sauce

Good Dipping for French Fries

Some folks we know have a "secret touch" with meat cookery; others are known for their way with pastry or cake. But seldom do you hear anybody say that someone really excels at doing interesting things with vegetables.

A creative vegetable dish can add color, texture and a myriad of wonderful flavors to a main dish, and it can bring a host of compliments to the cook.

Such a dish is this new way with frozen French fries! Made with crispy, golden brown fries... which heat in a jiffy in the oven... in fact, while you're making the savory sauce... this is a recipe you'll treasure in your file of family fare and use again and again for company menus, too.

Creamy Caraway Dipping Sauce For French Fries

1 package (1 pound) or 2 packages (9 ounce each) frozen French fries
1 tablespoon butter or margarine
1 1/2 tablespoons flour
1 1/2 teaspoons salt
1/2 teaspoon dry mustard
Heat French fries in oven or skillet according to package directions.
Melt butter or margarine; blend in flour, salt and dry mustard. Add milk and cook, stirring constantly, until smooth and thickened. Stir in caraway seeds, onion and sour cream. Sprinkle paprika and rosemary on French fries and serve with sauce.

quarter 13-6 and fell behind in the second when they scored only one point to trail 14-16. In the third quarter they went ahead 24-20 and retained their lead for the 38-24 victory.

man for the Yeomen with 12. Two boys took top honors for Navasota, Ike Eisenhower with 21 and John Webb with 17.

The Cameron B-team defeated Navasota 38-24 for their seventh win of the season. They have suffered six defeats.

James Hoskins was ace scorer with 12 points and Kramer was high point man for Navasota with five.

Job Corps Facts Available At City Post Office

Cameron postmaster Narvie Caperton notified The Herald that information on the Job Corps is available at the Cameron post office.

Thus far about six persons have applied at the post office for information concerning the Job Corps which is a national voluntary program that works toward giving poor youngsters a new chance to help themselves.

Young people from the ages of 16 through 21 who are largely unemployable because they lack education and job skills to move ahead will be placed in job Corps centers where they can develop skills and self-confidence. The youngsters are carefully screened and must be willing to work hard to improve themselves according to information released by the Public Affairs Dept., Washington, D. C.

THE HONEYMOON IS OVER

Gallup Says Viet Stand Favored....

Two out of three Americans favor the U.S. air strikes in Viet Nam, according to a Gallup Poll.
This survey followed fast-breaking events that saw Red China massing some 200,000 troops on the North Viet border, promising an early nuclear test explosion (they don't recognize the test ban), and calling for unity with Russia in the Viet Nam crisis.
About two thirds of Americans, according to the Gallup poll, think the U. S. should continue present efforts.
Thus, the lines are being drawn prior either to a military confrontation or

some kind of settlement. Informed observers believe the prospect of Chinese troops going south is remote, and that the nuclear test is to gain effect at the conference table.
Some interesting developments in South Viet Nam show greater resolution for solidarity there. A civilian government is being formed, the first in about 18 months, and U.S. military determination, already in evidence in the raids, is at a peak.
So, the standoff is more clearly drawn, awaiting a new move on the Southeast Asian chessboard.

Dateline Austin...

Probable OK For University Board

By Vern Sanford

AUSTIN - Gov. John Connally's top legislative project - creation of a powerful coordinating board to control state colleges and universities - apparently is headed for early enactment.

Bills to establish the board breezed through Senate and House committees to floor calendars without direct attack after members of the Governor's Committee on Education Beyond the High School testified for them.

Quick and easy committee approval contradicted early rumors that establishment of the strong central board would meet vigorous opposition in the Legislature.

It seems that opposition, in there is to be any, will be confined to specific details of the bill and not to the overall proposal.

If enacted, the 18-member coordinating board would have broad powers over all aspects of higher education in Texas - junior colleges, as well as senior institutions.

It would have the final word on launching or eliminating college degree programs, control the addition or deletion of courses, develop future plans for higher education and pass on proposals to create new senior colleges.

It would supplant the existing Commission on Higher Education, although members of the commission would be eligible appointment to the board.

Said Gov. Connally: "I am very pleased with the action of the two committees. This reflects what I have said all along - that there is a great will and desire on the part of the Legislature to make some real strides toward excellence in higher education."

Rep. Dick Cory of Victoria is handling the bill in the House and Sen. Bill Moore of Bryan has it in the Senate.

WOMEN'S RIGHTS DEBATED - Legislative committees set aside another Ladies' Night to hear a familiar debate - should the state constitution be amended to insure that no legal rights be "denied or abridged because of sex?"

Without even hearing arguments for or against, a Senate panel quickly agreed that the amendment should be submitted to the voters.

On the other hand, the House committee listened to hours of testimony. Most of it was in opposition to such an amendment. The State Bar and spokesmen for university law schools led the opposition.

Opponents claim the amendment goes too far and would "open a Pandora's box" of future litigation. Specific statutory changes were recommended as preferable for correcting such discrimination as might exist.

Spokesmen for the women's groups, who have stubbornly pushed the amendment, retort with considerable conviction: after all these years of talking about giving women full powers to manage their property and other rights long denied them, little serious effort has been made to repeal the discriminatory statutes one at a time.

POOLING BILL - Although subject to bitter legislative controversy two years ago, the oil and gas lease pooling bill cleared the Senate with no more than a handful of dissenting votes.

There was practically no floor discussion on the bill which is backed by Gov. Connally and Lt. Gov. Preston Smith, as well as most oil and gas interests.

Its House companion landed in a friendly sub-committee after an extended hearing.

Bill would authorize Texas Railroad Commission to prescribe requirements for owners of small tracts to pool their interest for oil and gas drilling purposes when they cannot get together voluntarily.

Power Commission in Washington of gas rate findings for the Permian Basin area of West Texas and New Mexico.

Gov. Connally, Atty. Gen. Waggoner Carr and Railroad Commissioner Jim Landson argued against approval of an F.P.C. examiner's memorandum recommending a rate range of 10 cents per million cubic feet to 16.75 cents per mcf. State contended single price of 20 cents per mcf would be more reasonable and forward-looking.

Adoption of the examiner's findings would be a serious economic blow to the state. It would result in a tax loss of \$4,500,000 a year, officials contended. They pointed out that 4,700,000 acres of land belonging to the University of Texas or the Permanent School Fund are located in the vast Permian Basin. Income to the university and the public schools, in addition to substantial amounts of taxes, depend heavily on gas prices. Similar hearings, Carr reported, already have begun in the Gulf Coast and East Texas fields. Hearings begun in 1961, now cover 35,000 pages of testimony.

COMMITTEE ON AGING - Senate State Affairs Committee gave its blessing to establishment of the Governor's Committee on Aging as a permanent organization.

Sen. Walter Richter of Gonzales, chairman of the present committee, is author of the Senate bill to set up a nine-member panel aided by seven state officials and executives dealing with problems of aging. Committee now is trying to get programs going for senior citizens in every county.

COURTS SPEAK - Third Court of Civil Appeals agreed with the trial court that cigarette distributor's permit of a Houston dealer accused of participating in a fraud scheme which cost the state an estimated \$420,000 should be revoked.

Comptroller Robert S. Calvert cancelled the permit of the House of Tobacco (headed by Mair J. Schepps) last October. Trial of Schepps and six others is scheduled for May 3 in Austin.

Same court heard arguments on an eight-year-old case where the City of San Antonio seeks to overturn a ruling of the Texas Water Commission denying its application for supplemental water supply from Canyon Dam near New Braunfels. Commission (then the Board of Water Engineers) said the Guadalupe-Blanco River Authority is entitled to available water to benefit the cities in its watershed.

CRIMINAL CODE REVISION - of an overall revision of the Texas Code of Criminal Procedure, which cleared the Legislature in 1963 but was vetoed because a faulty copy was sent to the governor.

Letters

Mr. Frank Luecke

Editor, the Cameron Herald

Dear Mr. Luecke,

Your editorial on South Viet Nam last week was skillful literature. It met all the editorial standards of grammar, analysis, and logic.

However, I wouldn't advise you to show it to a helicopter pilot. If you do, don't stand too close to him. You see, he and his friends on the ground are painfully aware of a few vital facts which your editorial omitted - and which the "managed" press generally has omitted. And of course, no matter how logical your analysis may be, it just can't compute the correct conclusions with the omission of pertinent data.

For instance, here are a few items that have been left off the news wires (which automatically keeps them off the pages of American newspapers, including yours):

1. The Communists have learned to concentrate their anti-aircraft fire on one aircraft at a time. American helicopters thus fired at may fire back - but not their comrades IN THE SAME FORMATION.

2. The location of supply depots, training centers, and other military installations finally under U.S. "retaliatory" attacks have been known from the very beginning - but, the Communist-accommodating State Department will not allow our armed forces to hit them. Professional military men maintain that such strikes could have turned the tide long ago, but they have been told that it is "DANGEROUS TO WIN," unquote.

3. The political situation in South Viet Nam has been consistently misrepresented in the American press both in omission of facts and in repeating outright lies.

For instance, your editorial referred to the "Buddhist rebellion." Buddhism has many factions, or "denominations" and the "rebels" in South Viet Nam are one minority sect which has been taken over FROM THE INSIDE by the Communists. Our national news media has deliberately kept this fact from the American public in order to paint the false picture of Buddhist "persecution."

We HAD a civilian government there that WAS winning this war but, our Communist-accommodating State Dept. didn't approve of it. They always demand "instant democracy" regardless of the historical background or military situation. So, actively conniving with that government's domestic enemies, and with the participation of the American ambassador, they managed to have its president, Diem, murdered. This

sort of thing doesn't contribute to governmental stability.

You don't need a computer to add up the above facts to get the answer that SOMEBODY ON OUR SIDE IS HELPING THE ENEMY. They are well documented and are accessible to those citizens who have the initiative to go looking for them, but won't find them on the pages of their newspapers, or on their TV screens. And any editorial analysis which doesn't take them into account isn't going to enlighten the reader.

Now, of course, our erring policies are bearing fruit and we are suffering the consequences - with even worse consequences threatening to engulf us, possibly even before this letter gets into print. The resemblance of 1965 to 1941 is frightening.

Sincerely yours,

H. P. Luminson

Lone Star Gas Shows Net Gain

Dallas - Lone Star Gas Company and its subsidiaries, Lone Star Producing Company and Lone Star Gathering Company, report a consolidated net income of \$23,466,065 for 1964, a substantial increase over net income for 1963.

The reported consolidated net income represents increased corporate earnings in the amount of \$4,561,000 plus federal investment tax credits of \$1,824,000 deferred in 1962 and 1963 and added to the 1964 consolidated net income following a company interpretation of accounting instructions from the Federal Power Commission.

Outstanding common stock earned \$1.60 per share compared with previously reported earnings for 1963 of \$1.17 per share. However, if both amounts are adjusted to conform with generally accepted accounting principles as understood by the company, earnings would be \$1.43 per share for 1964 and \$1.24 per share for 1963.

Following a call for redemption of all convertible preferred stock on Sept. 23, 1964 the company's equity capital is now represented entirely by 14,627,726 shares of outstanding common stock. Regular quarterly dividends of 25 cents per share were paid on the common stock in 1964.

L. T. Potter, Lone Star president, attributed the increase in net income to natural gas sale revenues of \$141,430,030. This represents a gain in revenue of \$3,194,506 over 1963.

OLD PHILOSOPHER

Philosopher Amazed To Learn Some Shopkeepers In Russia Cheat Their Customers

Dear editor:

I was out here working on plans for a drive-in window for barber shops - why not, you can buy nearly everything else without getting out of your car - when I stopped to rest my mind and pulled out a newspaper which I always carry around for that purpose and got to reading an article about Russia.

According to it, the Russian government has a drive on to crack down on the cheating of customers, in stores and restaurants, by short-changing, short-weighting, diluting, misrepresenting, etc.

This was news to me. You mean to say Russians cheat each other?

You mean one Russian would sell another Russian a 15 - year - old horse and pass it off as a 9 - year - old? I thought the state owned all the horses anyway. Or would a Russian used-car salesman sell you a car with a busted block, if they had any cars to sell?

You mean to say one Russian

will lie to another Russian? I thought they were trained to be 100 per cent honest with each other and 100 per cent dishonest only with foreigners.

But there was the article, reporting the government has ordered the courts to bear down with heavier penalties for cheating. I had thought for a while that Russia had stamped out human nature, but I guess I was wrong. I had thought the reason you didn't hear anything about Russian teenagers stealing hub caps was because there weren't any delinquents over there, but it was really because there weren't any hub caps.

Human nature is hard to whip, and I now suppose it's fair to say a man dining out ought to count his change, regardless of what form of government he's eating under.

Now about this drive-in window for barber shops. All they'd have to do is get a longer cord for their clippers and climb in the back seat. Except for customers in pick-ups. This requires a little more thought.

Yours faithfully,
J. A.

17 "Lookouts" for the Rural Outlook...

"Looking out" for the rural outlook in the area served by Texas Power & Light Company is the full-time job of the 17 members of the Company's Agricultural Development Division.

This group of TP&L specialists provides counsel and assistance to farming and ranching people in improving production and profits. It had its beginning more than 50 years ago when TP&L first began serving rural customers.

Since 1961, TP&L has participated in the Blackland Income Growth program to improve soil fertility and crop yields in 18 Blackland counties in the Company's service area. In 1963, the Company began participation in the Build East Texas program which is centered on pasture improvement in the area.

Helping to better the agricultural economy in its service area is regarded as a responsibility and a privilege by TP&L and the Company pledges its continuing efforts in this activity in the years ahead.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

ON THE RIGHT PATH

What causes some boys and girls to follow paths that lead to lives of service to community, to state, to nation or to mankind everywhere? They become missionaries, nurses, ministers, physicians, teachers, philanthropists. Yet some of their playmates may follow paths that lead to the breaking of themselves against God's laws.

We do not know all the answers, but parental guidance, scouting teachers who are leaders, examples set by someone they admire, hobbies, these and others are beneficial guides. Certain it is that there are those who discover early that there is more fun and more happiness to be found in living in tune with God's laws than in breaking themselves against those laws, which can lead only to pathos and sorrow.

The highest inspiration for a life of service and the happy life is the Church, with its youth societies and activities. Inspirational worship services point the way to paths of service.

—BURLINGTON NEWS—

By Mrs. George Logan
Mrs. Roy Lindsey of Burlington and her brother, Sam Ferguson of Temple made a trip to Houston Tuesday. They were accompanied to Houston by their brother, Hope Ferguson, who spent a few days in Temple last week.

A number of friends of Raymond (Sonny) Nolte of Ben Arnold attended his funeral in Cameron Wednesday. Burial was in Ben Arnold Cemetery. Burlington folks always looked forward to visits from Sonny and will miss him.

Rev. Lee Rutledge preached an interesting sermon Sunday and he is glad folks are recovering from flu and other illnesses and are able to come back to church.

Recent guests of Mr. and Mrs. Ray Schonhoeft were Mr. and Mrs. Clarence Stepan of Fort Worth and Miss Shirley Bartek of Baytown and Mr. and Mrs. J. N. Bowen of Temple.

Mr. and Mrs. Ernest Rothe and Mrs. Leon McGoldrick moved to the Cabron house from the Wm. Krause house.

Mrs. John Ward of Marlin and Mrs. Earl Canipe and Mrs. Churchill and son of Temple were guests of Mrs. Henrietta Hagerty and family last week.

Mrs. L. F. Janicek had as guests Mr. and Mrs. Leon Ernst of Clarkston.
